

## LIFE / CYCLE

# LEIGH TESCH

Leigh is excited to be part of Life/Cycle as part of the MADE ensemble. Leigh has a background in performance, clown, improvisation and playback theatre. She has worked as a clown doctor and collaborated in creating performative works that respond to places and experiences. She performs and facilitates storytelling and puppetry opportunities for young children and families as Co-director of the Small

Stories Project. An Occupational Therapist and Dance Therapist, Leigh's mature arts practice is channeled through the health lens, and she is actively involved in supporting artists to work in creative arts and health practice through Inscape Tas. She is passionate about the value that arts bring to our wellbeing across our lifespan.
